COVID-19 All-of-Government Response Group

COVID-19 timeline
30 June, 1 July 2020

COVID-19 All-of-Government Response Group

About

We provide assurance of national level oversight and coordination of government agencies' responses to COVID-19. We also deliver a national communications and public engagement campaign — **Unite against COVID-19** (<https://covid19.govt.nz/>).

Mission

Our mission is to mobilise the collective capacity of government to eliminate COVID-19 while sustaining our economy and social cohesion.

History

On 1 July 2020 the COVID-19 All-of-Government Response Group was established as a business unit of the Department of the Prime Minister and Cabinet (DPMC).

The response to COVID-19 has required a significant effort from across government and will continue to require this coordinated approach for many months to come.

The business unit continues the enduring work of the National Crisis Management Centre following the centre's deactivation on 30 June 2020. It is mandated to coordinate, and where necessary lead, the All-of-Government response to the ongoing pandemic.
