SupplyNZ Winning the w against COVID

(McGuinness Institute, 2020b) [Introduction] [31 Mar 2020]

SupplyNZ Situation Report as at Friday 1st May

1. 104 on the Register (7 registrations in 7 days in the week finishing Friday 1st May). See public register here.

2. Enquiry has reduced significantly as New Zealand transitioned from alert level 4 to alert level 3.

3. Key questions registrants want answered:

   (i) Can *SupplyNZ* connect me with medical experts to help validate my new face mask product concepts?

4. Key observations this week:

   Makers (New Zealand manufacturers)

   (a) One maker has developed a prototype for a new face mask product. He continues to seek medical advice to validate his idea.
