

Te Aka Whai Ora
Māori Health Authority

Te Whatu Ora
Health New Zealand

(Te Whatu Ora – Health NZ, n.d.)
[Governance Boundaries]

Locations

We work cohesively and collaboratively across Aotearoa, New Zealand to shape a national health system that delivers locally. There are opportunities to join us in a variety of locations across our motu – so no matter where you live, you can help us to create a better health system for all New Zealanders.

Nationwide Reach, Community Focus

We work alongside local communities to develop and implement plans based on community needs and aspirations to improve the health and wellbeing of every New Zealander. That means our people can be found from Whangarei (Northland (/locations/northland/)) to Invercargill (Southern (/locations/southern/)) – and lots of places in between.

There are plenty of opportunities for you to work where it best suits you, your family and your lifestyle.

Welcome to Aotearoa

Te Whatu Ora and Te Aka Whai Ora create a workplace culture of trust in a place where diversity of ideas is welcomed and where work/life balance is far more than just a catch-phrase.

We want to enable talented people to work with us, without the need of moving away from the communities that they love and serve. Joining our team-of-teams means that we are committed to supporting remote and flexible working where possible.
