## MAKING GENDER EQUALITY

Old ideas about gender roles are limiting all of us. The unequal value attached to femininity and masculinity limit our opportunities.

If we could break down these rigid expectations around gender, we would create more room for everyone. Getting rid of the norms that cause gendered violence, pay inequality, the devaluing of caregiving work and parenting, and inequalities in leadership roles – just to name a few outcomes – would change our world for the better.

Join the National Council of Women and help us to make equality a reality.

### NCWNZ IS NEW ZEALAND'S LEADING GENDER EQUALITY ORGANISATION.

NCWNZ is an umbrella organisation working towards true gender equality in Aotearoa New Zealand. Established in 1896, we have 13 branches and more than 200 organisations, as well as individuals, as members. Over the past 126 years we have led and supported many initiatives that have benefited all New Zealanders and their communities.
